

# 'Soundings' - An Irregular Seminar Series

## Offered by Coracle and partners

The "Soundings" seminar series are times set aside to consider together topics that are important for our society, for the Church, and for our own spiritual journeys. To 'take a sounding' is a nautical term about using depth to determine where you are and where you're going. These seminars are designed to help us do just that.

### "Engaging 'Laudato Si' by Pope Francis"

Tuesday, October 20, 7.30pm-9.15pm

with Fr. Fred Edlefsen, Rev. Bill Haley, and Mr. Soren Johnson at **Saint Agnes Catholic Church** in Arlington VA  
offered by **Coracle** in partnership with **The John Paul II Fellowship**

It's the most important personal letter written this year, with the widest audience. Pope Francis' most recent encyclical "**Praise Be To You**" is intended for every person on the earth, for the sake of the earth, "our common home". But the Pope's thoughts are so much broader than simply the Christian discipline of creation care, encompassing theology, economics, anthropology, science, and spirituality all set in our contemporary moment. The letter is for the sake of the earth, but more so for God's sake, and our sake, and for the sake of others. It's a soaring and thrilling document.

At this Soundings Seminar we will explore some of the major themes of the letter, and highlight some of its particular invitations to all Christians. Fundamentally, the letter is intended to draw us to God, and enable us to live as Christians who steward and serve all that God has made. We'll discuss how.
